About Us

JVP Plaster & Gypsum Industries was established in the year 2006, We are the Leading Manufacturer, Supplier and Trader of Plaster Of Paris, Construction Materials, Wall Putty, Phospho Gypsum, Copper Slag etc. We are also service provider of Transport Contracting Services, and Earth Moving Machinery Rental Services.

We process these products using high grade aggregates such as cement, sand, coarse admixtures and water in adherence with the set industry standards. Our professionals use advanced technology and high end machinery for the processing of these products. Our quality experts examine the raw material methodically, before being sent it into processing unit. Further, these products are highly appreciated by our clients for features such as low permeability, abrasion resistance, resistant to chloride attack, purity, high density, etc. As a client oriented organization, we keep our Clients happy by offering them high quality products as per their exact requirements.
